RE:Cilantro

Dear Sir and/or Madame:

We have tried Cilantro from many different vendors. With out a doubt, your product is clearly far superior to all of the competitors that we have tried. Your Cilantro is both aromatic and crispy. Although Cilantro is perhaps one of the most perishable herbs that I am aware of, your packaging for the end user is unique, functional and effective.

In addition to sincerely complementing your product, the purpose of this letter was to query the availability of directly purchasing commercial sized packaging of Cilantro.

Please FAX or mail the pricing, sizing and delivery method. Please advise if you have FAX, UPS, modem and FED EX capabilities.

Thank you,

Michael Rutkoski
